

About Us

Pranav Industries and Pranav Retail Store work together to deliver reliable agricultural solutions through manufacturing, distribution, and technical support. Together, we are committed to empowering farmers, promoting sustainable agriculture, and building a stronger agricultural supply chain.

Parnav Corporation

Cultivation Ideas for Growth

Our Services

Soil Testing & Analysis

Understanding your soil is the first step towards better farming. We help identify soil conditions, nutrient requirements, and suitable agricultural practices for improved soil health and productivity.

Organic Bio-Fertiliser Solutions

Providing quality organic inputs and bio-fertiliser solutions designed to support sustainable farming, improve soil fertility, and encourage natural crop growth.

Organic Farming System

Creating a sustainable agricultural ecosystem by combining traditional Indian farming wisdom with modern organic solutions to support farmers and strengthen the nation's food future.
